

The Why Buy Book

Sales Training
for Dealers

Version 12-22

Class **B** Advantages

- 🚐 Go where larger RV styles can't maneuver
- 🚐 Fun to drive
- 🚐 Minimum turning radius
- 🚐 Enhanced fuel economy vs larger motorhomes
- 🚐 Easy to Park (Malls, Casinos, Events, Driveways)
- 🚐 Great towing capacity (3,500 lb hitch receiver rating)
- 🚐 Very versatile , great for active outdoor lifestyles
- 🚐 Daily driver -Multi purpose
- 🚐 Statistics show high resale value

THE ROADTREK STORY

The Why Buy Book 2023 — Sales Training

*On the road
since 1974!*

It all started with a man and a dream. Jac Hanemayeer first became interested in the RV business while designing his own model with Home & Park Vehicles Limited in 1974. The process of combining the comforts of a larger motorhome into a compact and easy-to-drive van was such an enjoyable life experience for Hanemayeer, he decided to purchase the company. The 2nd generation of the family advanced Roadtrek to the next level with many innovative and successful designs. This innovation excelled Roadtrek to be the sales leader in Class B motorhomes for decades to follow.

The Roadtrek brand was acquired by the Group Rapido LLC in 2019.

RAPIDO's origin began with the creative mind of Constant Rousseau. In 1961, for his own holidays, he invented and manufactured a canvas folding caravan. The first motorhome model left the factory in 1983. Three generations forward Rapido continues to be a leading competitor. Being part of the Rapido group of products brings forth many advantages for Roadtrek Inc. The common goals for both Roadtrek and Rapido are to provide a constant focus on customer satisfaction, quality and attention to detail.

QUALITY CONTROL PROCESS

Veronica leads our QA team. Her background in aircraft, automotive and recreational vehicle manufacturing quality control gives her exceptional knowledge and insight into what it takes to deliver safe, certified, quality products. The relentless passion for meeting the high expectations of our customers is what provides inspiration and consistency for everyone at Roadtrek. **Continual Improvement is Key.**

EVERYTHING MATTERS

Incoming Components

Manufacturing Process

Compliance & Certifications

Assembly Process Audits

Appliance / LP Tests

Fit & Finish Inspections

Road Test / Wind Test

Transporter Inspection

Water / Rain Station Test

Customer Satisfaction / Corrective Action

Every new Roadtrek conforms to the critical safety standards of **CSA** for Canada and **RVIA** for USA shipments.

QUALITY CONTROL PROCESS

ROAD TEST

SYSTEMS, STABILITY, NOISE

HUMIDITY TEST

Humidity testing allows our inspectors to measure for the presence of moisture in areas concealed by interior coverings such as wall or ceiling panels.

PRODUCTION PROCESS

We believe the Roadtrek Inc. manufacturing and assembly facility in Cambridge is truly the finest facility of its type in North America. Industry leading processes and our (2) 19 station production lines are designed to keep feet on the ground (no under chassis crawling), high levels of visibility, and easy access to the work area. The end result is a comfortable and safe workspace. Happy Team Members...

Great Results.

CONSTRUCTION & ASSEMBLY

Having total world class manufacturing and design capability in house allows Roadtrek to lead the industry in styling and function.

- Vacuum forming poly components
- CNC precision and consistency
- Modular cabinet construction
- In house research and development

**COMPLETE
MANUFACTURING
CONTROL**

INSULATION

Our poly resin Insulation is precision laser cut and then adhesive bonded to the chassis structure. Insulation remains intact with no sagging ensuring superior acoustic and thermal insulation comfort.

REDUCES NOISE ON THE ROAD AND AT THE CAMPSITE

PROVIDES SUPERIOR THERMAL PROTECTION

INSULATION IS SAFETY
CERTIFIED
FOR USE IN
AUTOMOTIVE AND
RECREATIONAL
VEHICLE
MANUFACTURING

OUR REPUTATION HANGS ON ROADTREK BUILT STRENGTH

Roadtrek uses only METAL cabinet hanger brackets and secure rivet nut and bolt fasteners for installation of overhead cabinetry. This method of construction provides lasting anchor strength. Cabinets can withstand varied road conditions and everyday use without fatigue.

The Why Buy Book 2023 – Sales Training

IMPORTANT
Weight in each
cabinet should not
exceed
50 lbs.

Some
competitors use
screws to
quickly hang
cabinets to
chassis

DETAILS MATTER - PLUMBING AND ELECTRICAL

wieland

There is simply NO better wiring harness connection system available. Positive latching for superior electrical connections.

Plumbing lines that pass-through chassis steel are rubber grommeted to protect the integrity of the system and prevent future wear issues.

The attention to detail, codes, and safety is evident in this installation. Take note of how well this wiring assembly is secured for future reliability and serviceability.

BODY CONTOURED CUSTOM CABINETRY

At Roadtrek our cabinets are custom CNC cut to duplicate the sidewall profile of the Van.
This process improves the amount of usable space inside the vehicle.

8% EXTRA USABLE INTERIOR SPACE

INTERLOCKING FLOOR STRUCTURE

Polyurethane adhesive and countersunk fasteners
Bonds the ½" Grade A plywood to the chassis floor

Acrylic floor adhesive bonds the floor vinyl to the plywood

Precision fit to chassis profile

EVERY CABINET IS DESIGNED TO LAST

Commitment to detail combined with plywood, screws, and glue are essential components of the cabinet assembly process.

Pivot model galley drawers

PRECISION MILLED SEAMLESS CABINET EDGING

Much of the cabinet work in the Roadtrek utilizes the precision cutting of CNC (COMPUTER NUMERICAL CONTROL) technology. This precise milling enables some cabinet box folding during assembly. This process provides superior structure and eliminates the need for corner moldings which are common assembly “shortcuts” in competitors' products.

Program

Precision Cut

Inspection

Heat, Fold, Glue, and Screw

Seamless Edge

ENVIRONMENTALLY FRIENDLY

CNC mapping utilizes the best possible use of each sheet of material which greatly reduces waste.

INTERIOR CUSHIONS AND CAB AREA SEATING FEATURES

ZION, CHASE, PIVOT Series models feature custom interior coordinated Roadtrek monogrammed high quality, luxury comfort cab seat coverings.

OPTIONAL CAB
MATTRESS

SUBMERSION TEST ON ALL HOLDING TANKS

This EXTRA STEP helps to validate a leak free plumbing system in your new Roadtrek. (Mandatory testing on every Roadtrek we build)

1

Air pressure is connected to the inlet of the completed tank assembly.

2

The tank is then submerged underwater for 1 minute to confirm there are no air bubbles present.

37 GALLONS

Under-chassis
Tank Heat shield

20 Gallons freshwater capacity under coach plus **“BONUS”**
17 Gallons inside coach

The Why Buy Book 2023 – Sales Training

Roadtreks provide maximum fresh water holding capacity. These well engineered tank designs utilize otherwise wasted space inside the vehicle. One tank is uniquely concealed behind the cab area and isn't visible inside the coach once the Roadtrek is complete.

DETAILS MATTER-ELECTRICAL

600 AMPS (Qty 2 x300 Modules)

LITHIUM BATTERY POWER

Roadtrek Lithium modules include Built-in Battery Management Systems (**BMS**) to optimize and regulate battery performance. These modules also include **Built In Heaters** to help manage battery performance in colder weather.

Lithium modules are safely stored under chassis and “not” inside coach. No need to use valuable interior storage space.

- Shielded Safety Box
- Heavy grade steel

ALL

*Please see individual model specifications for specific solar equipment availability. PLAY SERIES Models available with **optional** 200 Watt bundled Solar package. ZION SLUMBER and PIVOT SLUMBER models include 200 Watt Solar pkgs.

FULL BODY PAINT

CUSTOM PAINTED COMPONENTS

Many Roadtrek models feature custom full body exteriors. Items such as body panels, bumpers, awning, and A/C cover are carefully clear coat painted to match the overall appearance of the Van. The result is a vehicle with a luxury, easy clean presence. The Van looks less like an RV and more like a prestigious travel Van. This appearance may help to gain parking privileges within gated communities or regulated H.O.A properties.

INTERIOR STORAGE

ZION MODEL

This abundance of sofa area storage convenience is part of the reason the ZION is the **#1** seller.

We go the extra mile..

Base cabinets are precision docked into notches in the subfloor. This extra step keeps cabinets "rock solid" in place preventing fatigue from hard braking and rough road travel.

Weiland Connectors allow for cabinet module wiring to be completed in the cabinet shop. Final electrical can be easily connected to the primary electrical harness once the cabinet module is installed in the Roadtrek.

INTERIOR HIGHLIGHTS

Adjustable swivel table can work in both front and rear of vehicle.
