Sales Training for Dealers

Version 2024 – V1

Class B Advantages

- 🚐 Go where larger RV styles can't maneuver
- 🚐 Fun to drive
- 🚐 Minimum turning radius
- 🚐 Enhanced fuel economy vs larger motorhomes
- 🚐 Easy to Park (Malls, Casinos, Events, Driveways)
- 🚐 Great towing capacity (3,500 lb hitch receiver rating)
- 🚐 Very versatile , great for active outdoor lifestyles
- 🚐 Daily driver -Multi purpose
- 🚐 Statistics show high resale value

Customers purchase compact motorhomes or Class B camper vans for a variety of reasons, making them the go-to-choice for adventurous individuals seeking a versatile and efficient travel solution. Roadtrek Camper vans offer the perfect blend of mobility and comfort, making them ideal for both spontaneous getaways and extended road trips. Class B camper vans are known for their maneuverability, allowing drivers to navigate urban environments with ease while providing the freedom to explore more remote and scenic locations.

Their smaller size translates to better fuel efficiency, making them a cost-effective option for those conscious of their travel budget. Moreover, camper vans often come equipped with essential amenities, such as kitchen facilities and bathroom features, ensuring a self-contained and comfortable living space on the road. With the ability to serve as both a practical daily driver and a cozy home on wheels, Class B camper vans cater to the nomadic spirit, making them a popular choice for those seeking a flexible and convenient travel lifestyle.

THE ROADTREK STORY

It all started with a man and a dream. Jac Hanemayer first became interested in the RV business while designing his own model with Home & Park Vehicles Limited in 1974. The process of combining the comforts of a larger motorhome into a compact and easy-to-drive van was such an enjoyable life experience for Hanemayer, he decided to purchase the company. The 2nd generation of the family advanced Roadtrek to the next level with many innovative and successful designs. This innovation excelled Roadtrek to be the sales leader in Class B motorhomes for decades to follow.

CRUISER SERIES
Home & Park
Motorhomes

As we celebrate our 50th anniversary, we're thrilled to share our excitement for what lies ahead. Our 2024 models are poised to amaze, brimming with surprises that embody the very essence of Roadtrek's indomitable spirit.

The Roadtrek brand was acquired by the Group Rapido LLC in 2019.

RAPIDO's origin began with the creative mind of Constant Rousseau. In 1961, for his own holidays, he invented and manufactured a canvas folding caravan. The first motorhome model left the factory in 1983. Three generations forward Rapido continues to be a leading competitor. Being part of the Rapido group of products brings forth many advantages for Roadtrek Inc. The common goals for both Roadtrek and Rapido are to provide a constant focus on customer satisfaction, quality and attention to detail.

On the road since 1974!

QUALITY CONTROL PROCESS

Our Quality Team shares backgrounds in automotive, plastic molding, and vehicle manufacturing, providing the team with robust knowledge and insights into delivering safe, certified, quality products. The relentless passion for meeting the high expectations of our customers is what provides inspiration and consistency for everyone at Roadtrek.

Continual Improvement is Key.

EVERYTHING MATTERS

Every new Roadtrek conforms to the critical safety standards of **CSA** for Canada and **RVIA** for USA shipments.

- Incoming Components
- Manufacturing Process
- Compliance & Certifications
- Assembly Process Audits
- Appliance / LP Tests
- Fit & Finish Inspections
- Road Test / Wind Test
- Transporter Inspection
- Water / Rain Station Test
- Customer Satisfaction / Corrective Action

Our Quality process includes recording the finish appearance and content of our vehicles prior to shipment to Dealers.

QUALITY CONTROL PROCESS

**ASSEMBLY
AUDIT**

INSPECTION

**RAIN &
HUMIDITY TEST**

ROAD TEST
SYSTEMS, STABILITY, NOISE

Humidity testing allows our inspectors to measure for the presence of moisture in areas concealed by interior coverings such as wall or ceiling panels.

PRODUCTION PROCESS

We believe the Roadtrek Inc. manufacturing and assembly facility in Cambridge is truly the finest facility of its type in North America. Industry leading processes and our (2) 19 station production lines are designed to keep feet on the ground (no under chassis crawling), high levels of visibility, and easy access to the work area. The end result is a comfortable and safe workspace. Happy Team Members...Great Results.

CONSTRUCTION & ASSEMBLY

Having total world class manufacturing and design capability in house allows Roadtrek to lead the industry in styling and function.

- Vacuum forming plastic/ABS components
- CNC precision and consistency
- Modular cabinet construction
- In house research and development

**COMPLETE
MANUFACTURING
CONTROL**

INSULATION

Our poly resin Insulation is precision laser cut and then adhesive bonded to the chassis structure. Insulation remains intact with no sagging ensuring superior acoustic and thermal insulation comfort.

REDUCES NOISE ON THE ROAD AND AT THE CAMPSITE

PROVIDES SUPERIOR THERMAL PROTECTION

INSULATION IS SAFETY
CERTIFIED
FOR USE IN
AUTOMOTIVE AND
RECREATIONAL
VEHICLE
MANUFACTURING

OUR REPUTATION HANGS ON ROADTREK BUILT STRENGTH

Roadtrek uses only METAL cabinet hanger brackets and secure rivet nut and bolt fasteners for installation of overhead cabinetry. This method of construction provides lasting anchor strength. Cabinets can withstand varied road conditions and everyday use without fatigue.

IMPORTANT
Weight in each cabinet should not exceed 50 lbs.

Some competitors use screws to quickly hang cabinets to chassis

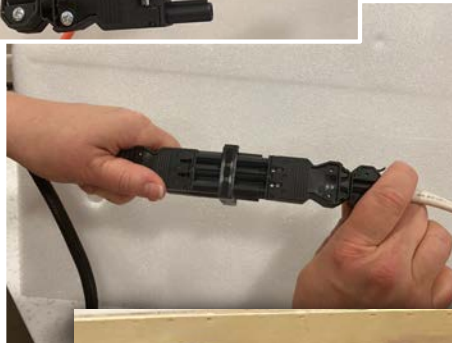

DETAILS MATTER - PLUMBING AND ELECTRICAL

The attention to detail, codes, and safety is evident in Roadtrek models.

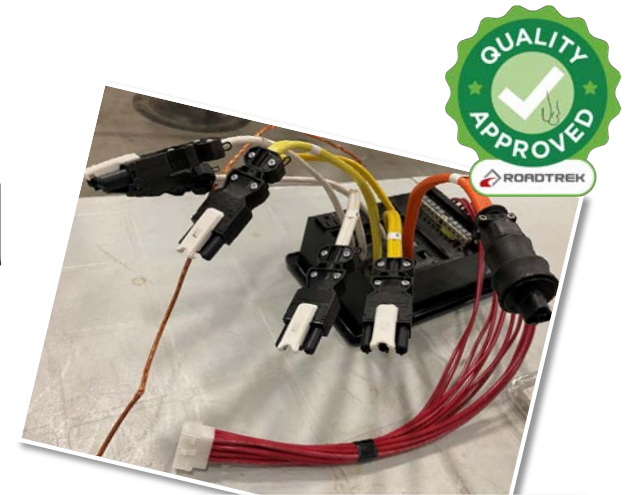

Plumbing lines that pass-through chassis steel are rubber grommeted to protect the integrity of the system and prevent future wear issues.

Take note of how well this wiring assembly is secured for future reliability and serviceability.

There is simply NO better wiring harness connection system available. Positive latching for superior electrical connections.

BODY CONTOURED CUSTOM CABINETS

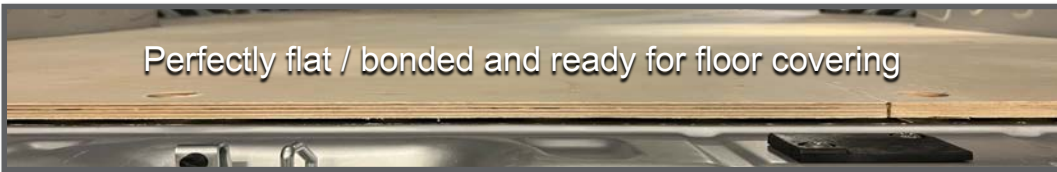

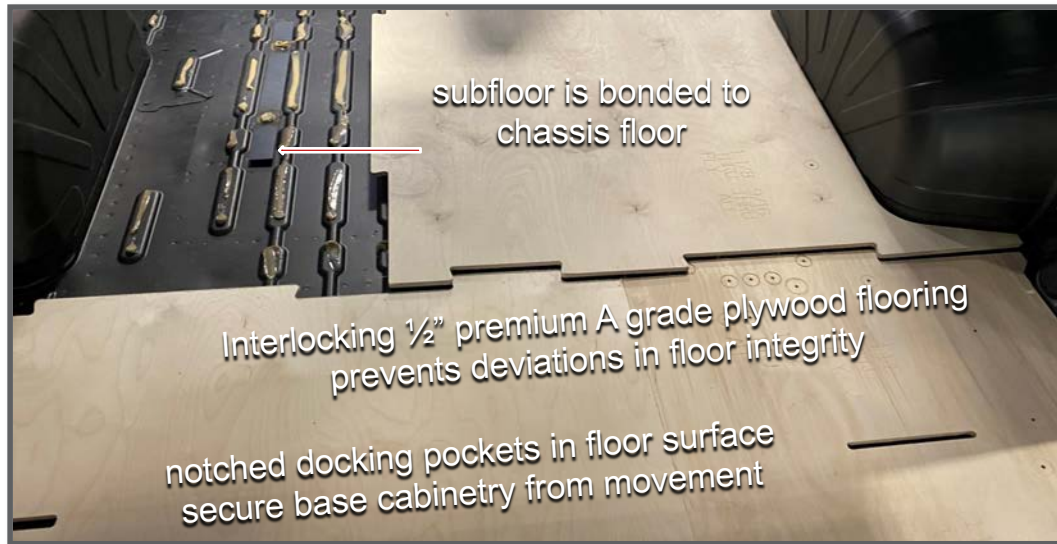

At Roadtrek our cabinets are custom CNC cut to duplicate the sidewall profile of the Van. This process improves the amount of usable space inside the vehicle.

MAXIMIZE USABLE INTERIOR SPACE

INTERLOCKING FLOOR STRUCTURE

Polyurethane adhesive and countersunk fasteners bonds the 1/2" Grade A plywood to the chassis floor

Acrylic floor adhesive bonds the floor vinyl to the plywood

Precision fit to chassis profile

EVERY CABINET IS DESIGNED TO LAST

Commitment to detail combined with plywood, screws, and glue are essential components of the cabinet assembly process.

PRECISION MILLED SEAMLESS CABINET EDGING

Much of the cabinet work in the Roadtrek utilizes the precision cutting of CNC (COMPUTER NUMERICAL CONTROL) technology. This precise milling enables some cabinet box folding during assembly. This process provides superior structure and eliminates the need for corner moldings which are common assembly “shortcuts” in competitors' products.

Program

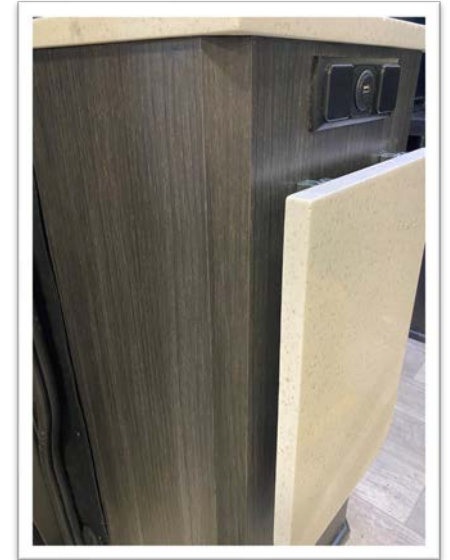

Precision Cut

Inspection

Heat, Fold, Glue,
and Screw

Seamless Edge

ENVIRONMENTALLY FRIENDLY - CNC mapping utilizes the best possible use of each sheet of material which greatly reduces waste.

INTERIOR CUSHIONS AND CAB AREA SEATING FEATURES

Premium Series models feature custom interior coordinated Roadtrek monogrammed high-quality, luxury comfort cab seat coverings.

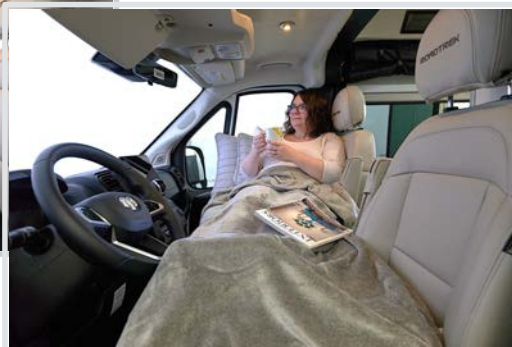

CHASE & PLAY model twin Bed **Adjustable Headrests**

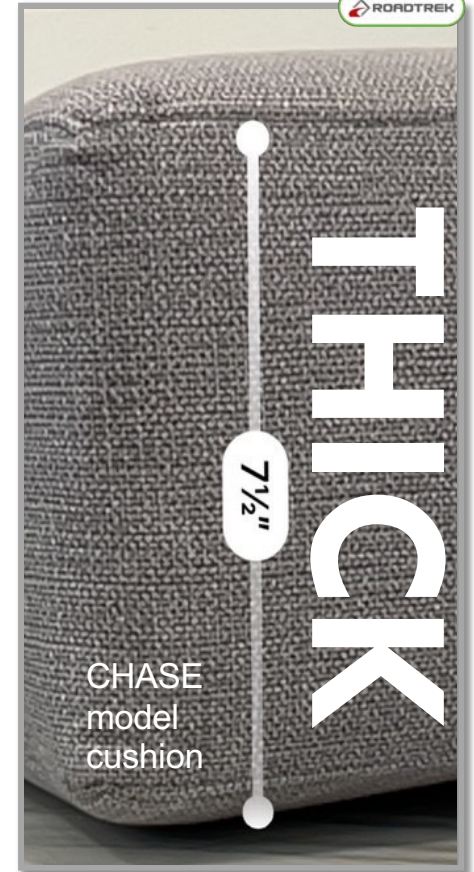

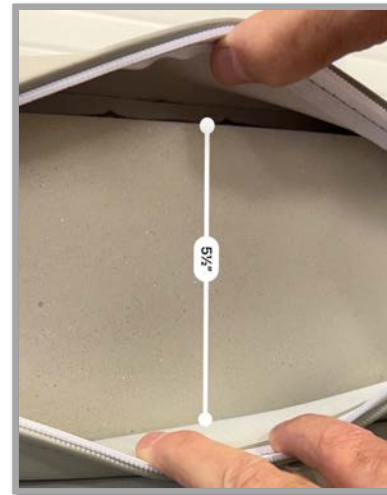

HIGH DENSITY FOAM

OPTIONAL CAB MATTRESS

ALL CUSHIONS FEATURE ZIPPER OPENING

CHASE model cushion

SUBMERSION TEST ON ALL HOLDING TANKS

This EXTRA STEP helps to validate a leak free plumbing system in your new Roadtrek. (Mandatory testing on every Roadtrek we build)

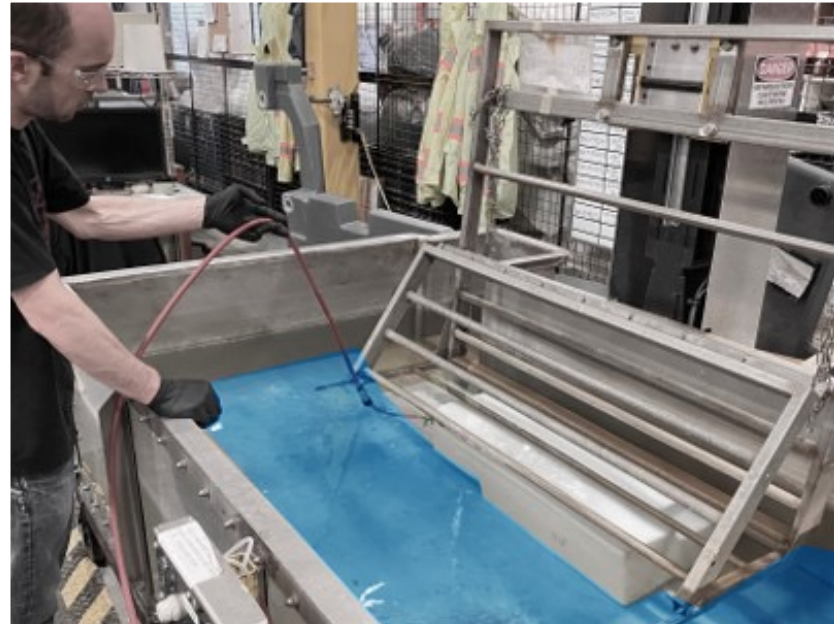

1

Air pressure is connected to the inlet of the completed tank assembly.

2

The tank is then submerged underwater for 1 minute to confirm there are no air bubbles present.

UNRIVALED WATER CAPACITY

Roadtrek Leads with Intentional Design and Abundant Fresh Water

- **Smart Concealment:** Our tanks are strategically hidden, seamlessly integrating into the coach's design.
- **Custom Shapes, Clever Spaces:** Ingeniously crafted to fit inconspicuously within the coach, utilizing otherwise wasted space inside the vehicle. One tank is uniquely concealed behind the cab area and isn't visible inside the coach once the Roadtrek is complete.

*The calculated water capacity includes volume in holding tanks, water heaters, and water lines.

20 Gallons freshwater capacity under coach
plus **BONUS** 17 Gallons inside coach

DETAILS MATTER-ELECTRICAL

600AMPS* (Qty 2 x 300 Modules) LITHIUM BATTERY POWER

Roadtrek Lithium modules include Built-in Battery Management Systems (**BMS**) to optimize and regulate battery performance. These modules also include **Built In Heaters** to help manage battery performance in colder weather.

Lithium modules are safely stored under the chassis and “not” inside Coach. No need to use valuable interior storage space. Shielded safety box made of heavy grade steel ALL TERMINALS weather protected.

Auxiliary 100 AGM battery is supplied in Lithium equipped Roadtreks to provide source current for Underhood Generator / Firefly / Lithium . (GU)

PURE SINE WAVE CHARGER/ INVERTER 3,000 WATT

Inductive loads like microwaves and motors run faster, quieter and cooler when using a sine wave inverter.

HELPS ELIMINATE TRIPPING CIRCUIT BREAKERS

This inverter can handle power spikes up to 9,000 watts. Great when sudden power surge demand occurs. Examples: Microwave / AC

*Lithium batteries are available in our premium models. 400AMP AGM is available on the Play series

DETAILS MATTER-ELECTRICAL

UNDERHOOD GENERATOR

Extremely easy to use. If engine is running system is generating house battery power.

WHISPER QUIET

Using chassis engine idle is extremely quiet.

CAMPGROUND FRIENDLY

FAST RECHARGE RATE FOR HOUSE BATTERIES

Output of GU is rated 280 Amps hr.

No propane required

300*_{WATTS} Solar

Regulated charge control. Maximum Output 25 Amps/hr

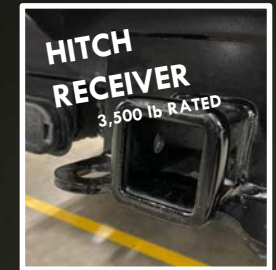

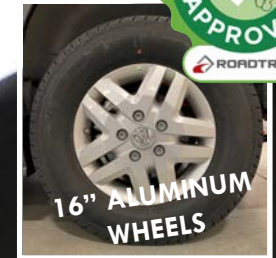

*Please see individual model specifications for specific solar equipment availability. PLAY SERIES Models available with **optional** 200 Watt bundled Solar package. ZION SLUMBER and PIVOT SLUMBER models include 200 Watt Solar pkgs.

FULL BODY PAINT

Many Roadtrek models feature custom full body exteriors. Items such as body panels, bumpers, awning, and A/C cover are carefully clear coat painted to match the overall appearance of the Van. The result is a vehicle with a luxury, easy clean presence. The Van looks less like an RV and more like a prestigious travel Van. This appearance may help to gain parking privileges within gated communities or regulated H.O.A properties.

Roadtrek Premium Model Exterior Paint Options (Zion, Chase, Pivot)

Exterior Accent Paint Options

Optional Black Accent Package

The optional Black Accent Package includes grille, rims, and body trim. Not available with exterior accent paint options. Replaces full body painted moldings.

WASTE MANAGEMENT

fast, hygienic, waste disposal

Gravity Feed **and** Macerator pump

Available on the Play, Zion, and Chase series only.

Touch a button to activate Macerator pump

The entire waste management station is concealed behind a lower sidewall skirt.

Sewer hose is stowed in a convenient **LOCKING** enclosure outside of the vehicle.

Easy to Use

Convenient 9' HD extension hose

1. Pull out sewage hose
2. Connect to Waste terminal
3. Open Gate valve
4. Turn on Pump

Cassette Toilet Waste Tank

Convenient disposal wherever you are!

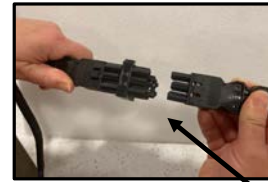

Available on the Pivot & Pivot Slumber models only.

INTERIOR STORAGE

The abundance of intentional storage throughout the coach is part of the reason why Roadtrek is superior among class B coaches.

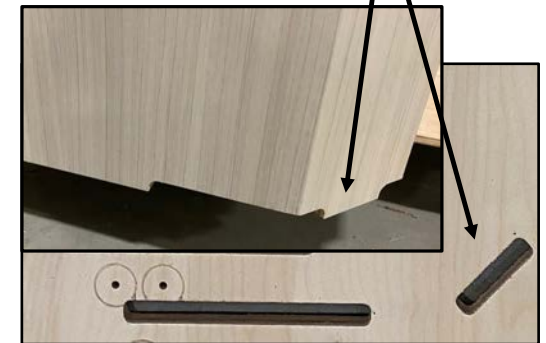

- **HUGE EASY ROLLOUT PANTRY**
- **HUGE POT AND PAN STORAGE DRAWER**

Wieland Connectors streamline cabinet module wiring in the shop, enabling effortless connection to the primary electrical harness upon installation in the Roadtrek.

Base cabinets are precisely docked into subfloor notches, ensuring rock-solid stability against hard braking and rough road conditions.

INTERIOR HIGHLIGHTS

Roadtrek premium kitchens include a solid surface countertop featuring a sink cover, accompanied by an extra-large fold-away extension. Enjoy effortless cleaning with a stainless backsplash, complemented by a single-lever high-top faucet equipped with a rinse handle.

Enhance your workspace with the Lagun Adjustable swivel table, seamlessly adaptable for both front and rear areas of the vehicle, offering swivel, extension, and adjustable height functionalities.

PIVOT MODEL features different table style and dining area only. (Not shown)

110V-USB-12V

WET BATH

All Roadtrek wet baths include Seamless fiberglass enclosures, a large Sink, Towel Bars, a Mirror, a Light, and a Rinse Handle Shower Drape.

WET BATH ON THE PIVOT

The Duo Space bath has a pivoting wall that allows the user to close off the amenities in the bathroom and prevent them from becoming wet while showering.

WET BATH ON OUR ZION, CHASE, AND PLAY SERIES

BATHROOM DOOR LATCH DESIGNED TO EXPAND WET BATH UP TO 20%

DÉCOR

White Sand

White Sand has a bright and breezy feel. This interior is one of the best color schemes for those who like a uniform look. ie: the cabinet doors match the base cabinets.

Willow Sage

Willow Sage is mixture of calming soft hues of pastel mint with a very light grey/white backdrop.

Chestnut

Chestnut has a classic warm look that never goes out of style with natural wood tones.

Décor options available on premium models only.
