SAHD400 ANTENNA

ANTENNA SERIES

Get the best digital TV signal available

Omni-directional

Antenna receives UHF/VHF/FM signals continuously from all directions

Designed for digital

Better reception of UHF signals where over 80% of new DTV channels are broadcast. Also provides great reception of remaining VHF channels.

Streamline design

Up to 70% smaller than traditional RV and boat antennas and offers less wind resistance

Simple installation

Install in just minutes.

Our bracket allows antenna to be mounted in either direction to clear any obstructions

Built-in amplifier

Enhances weak signals for improved reception. Includes AC to DC power supply.
